

We are experiencing our third wave of COVID!

We have employees and whānau who have tested positive.

We are unable to find enough relief teachers and learning assistants to cover this leave.

If a teacher tests positive for COVID we will send home an email and a letter to the students in that class only to help us with staffing by keeping your child home if you can.

Each day we do our absolute best to staff our school.

This does mean that classes have to be split and the students in those classes are distributed into other classes across the school.

Please know that we are working hard to keep our school open for all students.

IMPORTANT DATES REMAINING FOR 2022

Term 4 - Week 8	Term 4 - Week 9

FREE FURNITURE/EQUIPMENT

(Monday 5th to Friday 9th December)

This week we will have various pieces of old furniture/equipment that we no longer require for our community to take if they wish. After this date any left over items will be taken to the recycling center.

The furniture/equipment will be located in the courtyard between the offices and classrooms. Items will be added during the week as we clear out spaces around the school.

It is your responsibility, including any cost, to remove items you are taking. Items are taken on a first in first served basis.

Ohu Pīpī Manu Carnival Day

The weather was finally on our side and Ohu Pīpī Manu were able to have their Carnival Day.

The day was a huge success and we want to thank all of our whānau helpers - we could not have done it without you!

Ohu Pīpī Manu Carnival Day

Splashing and dunking our kaiako was a crowd favourite!

We had lots of memory making moments!
