

Monday 20th February, 2023

We have had an amazing start to the year and we are so looking forward to seeing you all at Whānau in the Park.

Cyclone Gabrielle

We are so fortunate here at Deanwell that we were not badly impacted by the cyclone.

It is heartbreaking seeing so many people devastated by the cyclone. To support all the people down in Hawkes Bay we would like to have a special day this Friday 24th February by wearing Orange and bringing a gold coin donation.

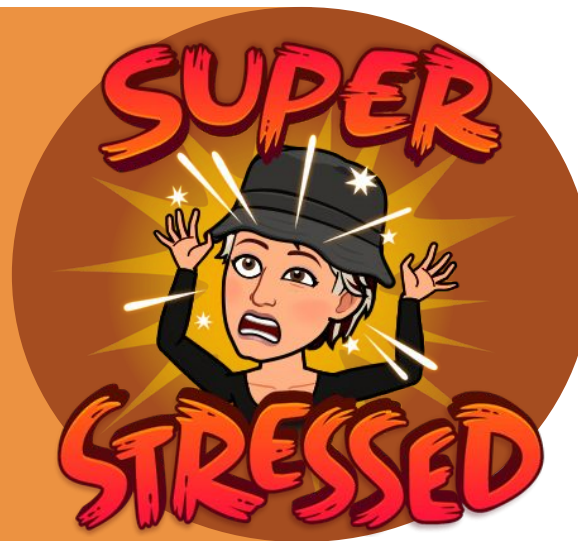

IMPORTANT DATES 2023	
Term 1 - 94 half days	
Wednesday 22nd February	Whānau in the park - 4.00 - 6.00pm
Wednesday 1st March	School will FINISH at 12.45 pm <i>Teachers will give the student's their lunch to eat at home</i> Paid Union Meeting for all teachers
Tuesday 7th March	Year 3 - 6 Swimming Sports, 9.00 - 12.45 pm
Friday 24th March	Pīpī Manu Swimming Sports, 2.00 - 3.00 pm
Thursday 6th April	Term 1 Ends
Friday 7th April	Easter - Good Friday Holiday/Non Contact Time begins

One of the most stressful parts of my job as Principal of Deanwell is before and after school drop offs and pickups.

I am so fearful that a child will get run over.

Our tamariki do not look and are too young to be thinking about what car drivers are doing.

Adults please help us keep our tamariki safe.

Car park safety

We have to stop vehicles driving in and out of the car parks across the footpath/walkways where our tamariki walk.

The chains will be put up across the staff and hall car park between

8.15 - 8.45 am

2.45 - 3.15 pm

If you are in the car park before 8.15 am & 2.30 pm you will need to stay in the car park until it reopens

For whānau who require the disability parking we will develop an individual plan for you.

Digital Citizenship: Responsible Use Agreement

Deanwell
SCHOOL

Digital Citizenship: Responsible Use Agreement

Introduction

Deanwell School believes in a Digital Citizenship model for supporting the safe and responsible use of the Internet in teaching and learning. An important part of this is that we are able to show others what responsible use looks like, while we are using technology in our learning.

We think a good digital citizen is someone who;

- Uses ICT to communicate with others in a respectful and positive way.
- Take precautions to prevent viruses.
- Recognises what material is appropriate for Deanwell School.
- Does not give out personal information online.
- Will help others to become a better digital citizen.

Because we know this is important for us all, we ask everyone – the staff, school who are accessing the network, to agree to use the Internet and other way. This means they will follow the rules laid out in the Responsible Use

If someone does not act responsibly, or the things that they do mean that may stop them from using the Internet or other technologies at school.

Annual Timeline

All new enrolments to Deanwell School will be required to read and sign to read the agreement the caregiver is required to help the student understand

At the beginning of each school year this agreement needs to be updated given to each student to take home and share with their caregivers. All signed classroom teacher by the end of week 4 term 1.

Teachers will individually store these agreements so they can be referred to agreement means no access to any device from week 5 term 1.

*Mā tātou anō tō mātou korowai e whatu.
We will weave our own korowai.*

This agreement will be

- Distributed in paper form at the beginning of every year
- To every student in the school

What do I need to do?

- Read through this agreement
- Each student signs it the best that they can.
- Each Parent signs it.
- Bring it back to school by Friday 24th February

When the signed form is returned to school the student will then have access to our school technologies.

Deanwell
SCHOOL

Digital Citizenship Responsible Use Agreement

When using information, communication, and technology (ICT) at Deanwell School I will always be a good digital citizen. This means that I will:

Use ICT to communicate to others in a respectful and positive way.

1. I understand that in most cases my school owns the devices I will be using.
2. I will be given a school email address.
3. I will only use my own Deanwell address with my own password.
4. Teachers can look at my device and history at any time (students will not clear their history).
5. I will not use devices for inappropriate messages or comments.

Take precautions to prevent viruses.

I will not open an attachment to an email if I do not know the person who sent the email. Just because an email comes from a friend does not mean it's virus free. I should be using current anti virus software on my computer at home to help avoid viruses.

Recognise what material is appropriate for Deanwell School.

When accessing and using online materials I will keep in mind the Deanwell School values and the various regulations, such as copyright, that apply to digital material. I will not access or use digital material that is not appropriate at Deanwell School. If something inappropriate comes up I know to turn off the screen or close the device and tell my teacher right away.

Not give out personal information online.

While online, I will not give out personal information about myself like where I live, my phone number, age, last name or where I am going. Meeting someone online does not make them our friend. Unless I am introduced by a teacher or parent, anyone I meet online is a stranger.

Help others to become better digital citizens.

I will model being a good digital citizen by helping others to understand the points mentioned above and I will always think carefully about my responsibilities when using technology.

I know to only use digital technology and the school email for school use. Having a school email address is a privilege and it will be removed if I use it inappropriately.
