

Monday 17th July, 2023

Welcome back to Term 3.

We are working really hard this term to improve our attendance.

Students who have high attendance at school learn best.

We would like to welcome our new teachers to our Deanwell Team. We also have a number of third year training teachers working in our school this term. We know that you will all enjoy working with our tamariki and their whānau.

Class	Teacher	Comment
Pipī Manu Whitu	Hannah Mills	We have Hannah with us for the first 5 weeks of this term and we wish her well with the birth of her second child.
	Keita Perry	Keita will be working with Hannah right from the start of Term 3 and will continue to teach the class for the remainder of the year.
Pipī Manu Tahi	Sarah Armstrong	
Kererū Tahi	Jodie Dooley	
Pipī Manu Waru	Arahia Mauriohoo	Is opening up our 8th Pipī Manu class
Lead of Pipī Manu	Danielle Bell	Hannah Laloli is on Refreshment Leave for a year for her OE (Overseas Experience)

Front School Garden

Matua Simon has been working hard during the holidays to make sure our school is clean, tidy and beautiful. He has planted 350 daffodil bulbs in this front garden.

Can everyone please help us to protect these bulbs?

People are still welcome to sit on the concrete edge of the garden but, please do not walk over or on the garden.

NEW ZEALAND RED CROSS

RĪPEKA WHEREO AOTEAROA

Our Board is committed to having all employees first aid trained. This is not common practice in NZ schools. Most schools have a small number of trained employees, often the office staff and some leaders. However, our Board deems this is be extremely important.

If a student at Deanwell School requires first aid on school grounds, in a classroom or on a school trip it doesn't matter which employee gets to the student first they will know what to do and begin working through the DRSABCD, Emergency Response Plan. This consistent approach known by all employees ensures the safety of all our people.

Every two years employees complete either a:

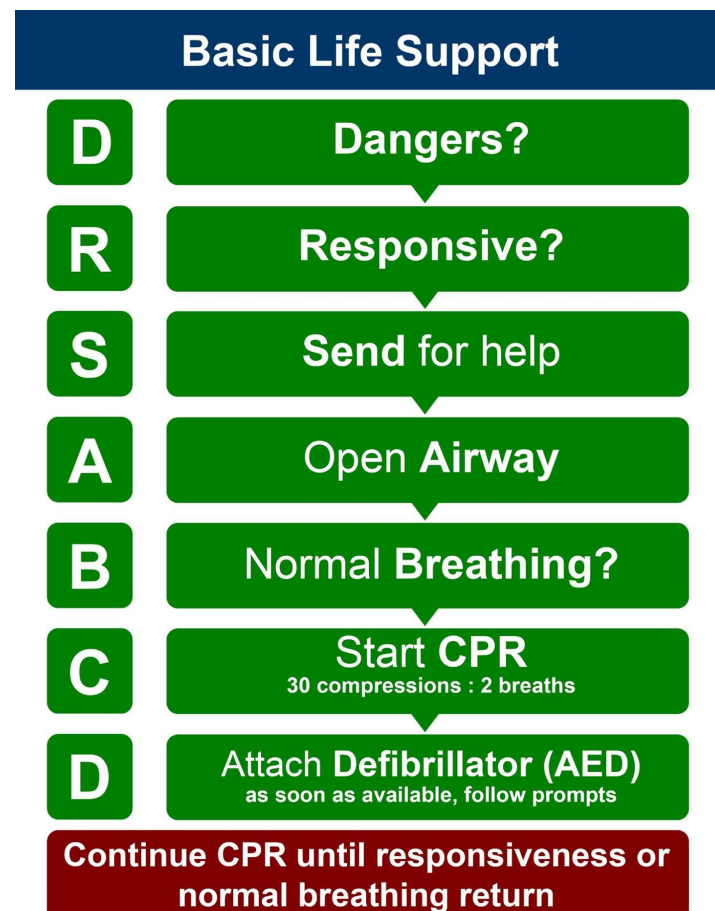

- First Aid Revalidation (refresher) course OR
- Essential First Aid course

Both courses entail

- Primary assessment.
- Stable side positioning.
- Scene management of emergency situations.
- Cardiopulmonary Resuscitation (CPR)
 - adult, child and infant.
- Use of an Automated External Defibrillator (AED).
- Foreign body airway obstruction (choking)
 - adult, child and infant.
- Control of life threatening bleeding.
- Bleeding, shock and wound care.
- Fractures, sprains, strains and dislocations.
- Medical conditions- heart attack, angina, asthma, diabetes, seizures, stroke and severe allergies.
- Poisoning.
- Burns – thermal, chemical and electrical.

All employees had to complete

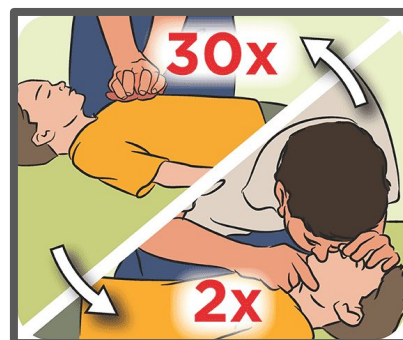

- pre-course learning online (3 - 6 hours) depending on how competent you are. Each employee had to pass all the assessments online as a prerequisite to the face to face learning.
- face to face learning at school (4 hours) on Thursday 13th July. Each employee had to pass the practical assessments.
